

Now Hiring Deputy Chief - Fire

Full-time, Permanent

In Medicine Hat, you'll enjoy a perfectly sized city and an inviting community with an enviable quality of life. And here at the City of Medicine Hat, you'll experience exciting challenges as one of the doers doing great things for your hometown.

The Deputy Chief is responsible for planning, and managing the Fire Services, including cooperating, and supporting other emergency services. In this position, you will be assisting the Fire Chief in the development, implementation, and monitoring of departmental budgets, policies, and procedures. The Assistant Deputy Chief reports directly to the Deputy Chief which oversees the Training Branch. The Deputy Chief leads the Fire Suppression branch and works closely with the Assistant Deputy.

Our ideal candidate

- Has comprehensive knowledge of fire strategies, tactics, & equipment.
- Has demonstrated experience leading, coaching & developing others.
- Has excellent communications skills, both orally & written.
- Can promote strategic leadership, influence & effect change in a unionized environment.
- Has high standard of ethics, professional conduct, integrity, discretion, & can handle the pressure of public scrutiny.
- You establish & maintain effective working relationships within the department, across the organization, with outside agencies & the public.
- You are proficient in the use of Microsoft & other current office software in a network environment and can become competent with City specific software programs.

Qualifications

- Successful completion of courses/training in administration, fire service operations, fire prevention management, and fire investigation from an accredited institution, preferably resulting in a bachelor's degree.
- Ten (10) years progressively responsible firefighting experience with five (5) years supervisory experience.
- Certification in NFPA 1021 (Preferably Level III), NFPA 1031, and NFPA 1033.
- An equivalent combination of management approved training and education may be considered.

We thank all applicants; however only those selected for an interview will be contacted.

The City of Medicine Hat piloted 10 water bottle fill stations on fire hydrants throughout the City this summer with success. Residents and visitors enjoy sunny hot summers with many outdoor activities and now have access to clean drinking water to stay cool and hydrated while doing so. Each water bottle fill station is designed so that the stream of water is protected to only allow freefall into a water bottle, cup, or bowl. **THAT'S INNOVATION, MEDICINE HAT STYLE!**
